DNV Grade AH36, DNV Grade EH36, DNV Grade DH36, DNV grade FH36 Shipbuilding Steel plate and sheet

Shipbuilding steel plates DNV Grade AH36 shall be normally used to build the vessel body, and DNV Grade EH36 shall be mainly used to build heavy crane of vessels. Generally we also would provide our customers Z test including Z15, Z25, Z35 on these plates for providing the property.
